This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

PUBLISHERS, BOOKSELLERS, AND IMPORTERS,

55 West Fourth Street, Cin., O.

The Committee on Coins and Autographs of GREAT WESTERN SANITARY FAIR, in presenting the following Catalogue to the purchasing public, solicit for the sale a liberal patronage, because of the real value of the lots offered, and the appealing cause to which the proceeds are to be applied. They trust collectors will favor the sale with liberal bids, securing for themselves souvenirs of our Fair, and enlarging the means of succor to the brave soldiers who are fighting the battles of our common country. The President of our Republic has contributed his Amnesty Proclamation; our Generals have sent their autographs, and our noted men, in all branches of political and civil pursuits, have added to the wealth of the collection; it now remains for a generous public to make the sale one that will cheer our patriots in the field.

MISCELLANEOUS ARTICLES.

728. INDIAN DOLL, beautifully made, with blanket and hooded wrap, ornamented with beadwork, etc. *Mrs. W. M. F. Hewson, Cin.*

This curious doll was purchased by Col. Wm. Hoffman, U. S. Army, of the Sioux Indians, at Fort Laramie, in 1853 or 1854. The price paid for it was $20 in gold. It was made by the squaws of the tribe for the Chief's daughter. Col. Hoffman informed Mrs. Hewson that he had been stationed at different posts near the wild Indian tribes for almost twenty years, and in all that time had not seen another Indian doll, nor an attempt to make one. It may be considered the only Indian doll ever made, and therefore a very rare curiosity.

729. TWO PIECES OF PLYMOUTH ROCK, donated by *Wm. T. Davis, V. P. of the Pilgrim Society.* Mr. D. writes of them as follows:

When the foundations for the Monument were laid, in 1859, it was found necessary to remove a small portion, which has been preserved with jealous care by the Pilgrim Society. Not one morsel since then has been removed, and, in future, authentic pieces it will be impossible to obtain. Having some of these pieces in my possession, as an officer of the Society, it has occurred to me that Western patriotism, on the anniversary of the Landing of the Pilgrims, the day of the opening of your Fair, would appreciate

such a memento of the deeds of our fathers, which have given us the country we are now endeavoring so faithfully to preserve.
